Ensure your workstations are as efficient, effective and advanced as your caregivers. The units in our EmBrace line combine an aesthetically pleasing design with functionality so you can be sure your caregivers can administer quality care that meets the high standards of your facility.

## Standard EXT-28 Series Features

### Two Compartment Design

The attractive and contemporary two-compartment design with sleek rounded metal edging is perfect for facilities looking for a functional and modern looking cabinet.

### Sleek & Secure

The upper lockable compartment stores and protects the CPU, cables and power supply securely. This helps protect against equipment damage and provides caregivers with an unobstructed workspace

### Unit Ventilation

Enhanced ventilation provides continuous airflow to protect equipment in the CPU compartment from overheating.

### Recessed Storage

Recessed storage in the main cabinet area allows for additional storage of accessories like scanners and small label printers.

### Unique Keyboard & Mouse Storage

Proximity's cabinets feature unique keyboard and mouse storage that allows the accessories to dock automatically when the workstation is closed by the user.

### Built to Last

The Embrace Series Wall-Mounted Computer Workstations feature work surfaces designed to hold up to 400 lbs. of weight, so even when the workload gets heavy, the workstation remains unscathed.
